A good rule of thumb is choosing solar panels that can produce at least twice the amount of power your RV's fridge uses. For example, if your fridge uses 100Ah of power, you'll want a 200-watt solar panel. This will ensure that you have enough ability to run your fridge and other appliances without draining your battery.

This is a complete and indepth guide to caravan solar panels. Find out which panels are the best for your vehicle in this detailed post! ... There are plenty of other 150-200W fixed panels out there, but the vast majority only give a 12 month warranty. ... Camec Portable Folding 160 Watt Solar Panel Kit. Best Folding Solar Panel. Pros.
