Just took my wife's liberty in for an oil change at the local Firestone. About a week ago I noticed a small leak. I took a look and it appeared oil was coming from the oil filter, I couldn't tighten it so hoped that the oil change would resolve it. This morning at Firestone, the mechanic showed me that it wasn't oil but power steering fluid.

The power steering pressure hose is a key component of your Jeep Liberty's power steering system, which makes it easier to turn and steer the vehicle accurately. The hose transfers the high-pressure hydraulic output of the power steering pump to either a steering gearbox or steering rack and pinion unit, providing the power assist needed when ...
