The Renogy 200W Lightweight Monocrystalline Solar Panel enhances module efficiency while minimizing its weight. It is the perfect option for any off-grid solar system, especially for transportation applications such as RVs and boats. This solar panel frame features a lightweight substrate and laminate, perfect for outdoor applications.

If so, a 200-watt (W) panel is your best bet for solar power. You can purchase 200W solar panels as stand-alone panels that are typically retrofitted to RVs for boondocking or used to charge batteries that can run appliances on the go. Because of their lower power output, you won't usually see 200-watt solar panels installed on rooftops.
