Classic Industries offers Center Drag Link, Idler Arms, King Pin Sets & Parts, Pitman Arms, Power Steering System, Rack & Pinion, Steering Arms, Steering Box Components, Steering Stabilizer, Tie Rod & Sleeves, and Wheel Bearings & Seals.

The specific part number is unknown at this time. The driver has lost power steering twice since the module was replaced. Apparently, part of the fuel efficiency comes from deactivating the power steering system when the vehicle is traveling at highway speeds. On a reduction of speed a sensor will activate the power steering system.

I think you're referring to a power steering fluid cooler, not a condenser. There is no condenser in the power steering system, hence everyone's confusion. Coolers, when used, are in the low pressure return side of the hydraulic system. That's why ...

Classic Industries offers a wide selection of Steering Components for your 2014 Ford Expedition. My expedition has been dripping power steering fluid over the radiator some how. I know it's power steering fluid since every month and half wife would tell me the steering is getting hard so I'd have to top off the reservoir. When I open the hood it's got the plastic covers so I ...

Without the power steering system, your Expedition would be very difficult to drive. Most of the weight of the vehicle is absorbed by the power steering system, making it feel much lighter than it really. One of the most common problems that can happen with a vehicle over time is it'll begin leaking power steering fluid. Without the power ...

1999 to 2016 Super Duty - Steering wheel hard to turn / seems like lack of power steering - I just exchanged out the ATF power steering fluid with Mobile 1 Synthetic and flushed out all the old fluid in an effort to resolve the hard steering issue. Still have the same hard steering wheel when turning. The steering...
