Motorola Moto G7 Power (codenamed: ocean) launched in February 2019. The phone came out of the box with Android 9.0 Pie. On this page, we will guide you to install the unofficial Android 13 Custom ROM on Moto G7 Power. If you are someone who wants to install the vanilla version of Android 13, then this guide is for you.

The Moto G7 Play ships with Android 9.0 Pie. For the most part it's a stock build of Android, though Motorola adds its own suite of gestures and settings that improve the overall user experience. Motorola is also one of the few manufacturers to still provide an FM Radio app that can be used with wired headphones.
