Have there been any developments in Arlo selling replacement cables for the solar panel? It doesn't sound right that consumers would have to purchase an entirely new solar panel for a replacement cable. I've only located a couple of other forums about this topic and the only solution seems to be to purchase aftermarket cables.

Is there a extension for the power cord from the solar panel (vma4600) to an arlo pro camera? The location for the panel is to far away from where the camera needs to be. I need a longer power coard from the solar panel.

I recently purchased the Solar Charging panel for my Arlo Ultra cams that I have outdoors, and had no idea the charging cable wasn't detachable??? 8" is hardly long enough for many outdoor placements, like porches and under overhangs. The cameras need to be charging in order to enable CVR cloud reco...

Somebody stole one of my Pro 2 cameras and ripped the cable out of the solar panel. I have since replaced the camera, but I can't find a replacement cable and Arlo doesn't seem to sell them. I've attempted to contact live support but their live support hasn't functioned in months. There doesn't seem to be a way to communicate with anybody at Arlo.

There are third-party panels that are directly compatible with a camera like the Arlo Ultra, for example. The Uogw Arlo Ultra Solar Panel has a long 11.5 ft charging cable and an adjustable mount. What I recommend doing is getting a solar panel that can recharge the Arlo camera battery fully, and not just extend the battery life.
