Best backup power generators

Among the best whole house generators, the Champion Power Equipment stands out in an ergonomic and striking design. The Champion's 12.5 kW standby generator offers your home a complete backup power system. It is fuel-efficient and operates even in extreme cold or hot weather conditions.

Fuel is stored in an underground tank or supplied by your home's natural gas. Standby generators are larger than portable generators (7,500 watts to 48,000 watts or more), and they're more expensive, running anywhere from \$5,000 to more than \$25,000. Standby generators need to be professionally installed by a licensed electrician.

The best generator for your home's backup power isn't the same for everyone. You may have the desire (and budget) to keep the whole house going as if nothing happened. On the other hand, you may only want to keep a few essentials running. Whatever your needs are, there's a home generator for you.
