

Best solar companies fresno california

The average cost of solar panels in Fresno is about \$13,650 for a 5-kW system and \$27,300 for a 10-kW system before the ITC, but the actual cost will depend on certain factors such as the model of solar panels you want, what size system you need and how much energy you use. Is cost the most important thing to think about when buying solar panels?

The companies providing quotes may differ from those described in our independent reviews. Fresno is the centerpiece of California's Central Valley, an area whose bright, hot sun helps it produce abundant harvests of almonds, grapes and pistachios. That sun also makes this a great location for solar panel installation.
