And the Bose Solo 15 is pretty successful in its endeavours - managing to sound big and spacious both horizontally and vertically. With some soundbases you're still able to pinpoint the sound to the unit, but with the Solo 15 there's enough lift here for it to seem as if it's coming directly from your TV.

The Bose Solo Soundbar Series II and the Bose Solo 5 are almost identical soundbars. Both have 2.0 setups, and their frequency responses are very similar, so you don't hear much difference in their sound. They offer the same sound enhancement features, too. Their design is slightly different, and the Series II's remote looks sleeker.
