But it is also suitably favorable by Bose standards. Just think of the legendary Lifestyle systems, which cost as much as an entire Japanese HiFi tower with floorstanding speakers with a small band bass subwoofer and five "almost invisible" 1-way mini speakers. The Bose Solo 5 TV sound system integrates easily into sideboards or cabinets.

Sound Enhancement Technologies. The Bose Solo 5 incorporates several sound enhancement technologies to enrich the audio experience. It possesses a stereo separation that, while not as expansive as more complex channel configurations, does an adequate job of creating a sense of space in the audio.

The Bose Solo Soundbar Series II is very similar to the 2019 Bose Solo 5. Both are 2.0 bars with limited features designed to enhance stereo content, which includes most music and TV shows. Their sound is quite similar, and while voices and lead instruments are clear, you miss out on the rumbling low-bass found in bass-heavy music and movies.
