redesigned Decotech 2.0 roof-integrated solar product. Flex maintains the efficiency of standard system sizing, while ...

Water-shedding and warranted. Timberline Solar(TM) is made up of shingles, not panels or heavy tiles. These shingles are water-shedding, strong and warranted to withstand winds up to 130 mph. Rack-mounted solar installations--where the solar is separate from the roof--require the drilling of dozens of holes into the roof membrane. Any resulting damage related to those holes is not ...

Learn more about our solar roof offering. Timberline Solar(TM) offers a solar shingle roofing system designed and assembled in the United States. Available in select markets--with rapid expansion plans--Timberline Solar(TM) is changing clean energy adoption for homeowners. There's no better time to go solar than when you're getting a new roof.

North America's largest roofing manufacturer has entered the solar game in a big way. Offering not-quite solar shingles but also not-quite a traditional solar system, GAF's new DecoTech system fastens full-sized solar panels directly to the roof deck, and the panels act as shingles to shed water. The system is only compatible with GAF asphalt shingled roofs for ...

Introducing the GAF DecoTech(TM) Roof Integrated Solar System for installation in Marin County, Sonoma County, San Francisco and Napa. The sleek, beautiful, affordable Solar Roofing alternative to typical rooftop rack-mounted solar ...

This is where GAF's DecoTech(TM) Solar Roofing System stands out. Read on as Spicer Bros. Construction, your reliable roofing contractor, share the features and benefits of this outstanding roofing system: Long-Term Savings. The DecoTech System works by gathering and harnessing energy from the sun through its photovoltaic (PV) panels.

Bachman's Roofing, Building & Remodeling is proud to offer the GAF's Solar DecoTech(TM) System, the gold standard in solar roofing. With its ultra-sleek, low-profile design and the industry's strongest 25-year warranty, integrating solar energy solutions into your property has never been easier or more attractive.
