This "DPF-Back MBRP Exhaust will look great, sound great, and reduce backpressure on the turbo to lower EGT temperatures by as much as 200 degrees. This means a big performance boost for your Duramax and a return to the classic diesel sound.

Contrary to what you might imagine, Banks Power products do not "make" more power-by removing intake-and-exhaust restrictions that limit an engine's power potential, they literally liberate horsepower and torque. In diesel applications, we know that simply amping up the fuel flow will increase power, but that is a sure way to kill an engine.

Shop Performance Exhaust Systems for the 2013-2018 Ram 6.7L Cummins diesel trucks at Pure Diesel Power. Exhaust systems for the 2013-2018 Ram 6.7L Cummins Diesel trucks. ... S61650409 (old part number:
