With a cable length of 9.85ft, the DOKIO 300W Portable Solar Panel Kit offers flexibility in positioning the solar panel to capture the maximum amount of sunlight. This makes it an ideal choice for outdoor activities and emergency situations.

The DOKIO solar panel kit is an excellent companion for all your outdoor activities. Whether you enjoy camping, fishing, or simply soaking up the sun at the beach, this portable solar panel can harness the energy of the sun to keep your devices charged. You can power your smartphones, tablets, cameras, portable fans, and even small appliances ...

Founded in January 2007,By January 2020, DOKIO solar panels have reached the top 10 among the global online brands. through ISO9001 international certification, German Rhine certification, some products also have practical patents. More choices . Visit the store . Next page.

Below is power readings for a single Dokio 220w panel during 2pm sun in the Dallas, TX area. My conventional panels were putting out 85% capacity, and this panel was on the ground next to them. As you can see by the readings, I was getting around 100 watts which is 45% of the rated capacity of the panel.

The Dokio 100W solar panel has SAE connectors though, so this is the correct SAE to 8mm (click to view on Amazon). Also, the panel comes with a charge controller and since the Jackery Explorer 500 has one built-in already you should not use the controller Dokio includes. Connect the solar panel directly to the Jackery with the adapter I linked to.
