The Trinity is not a contradiction because God is not three in the same way that He is one. God is one in essence, three in Person. Application. The Trinity is first of all important because God is important. To understand more fully what God ...

Excerpt: The Holy Trinity and the Law of Three: Discovering the Radical Truth at the Heart of Christianity - By Cynthia Bourgeault Published by Shambhala Publications, July 9 2013. Introduction: My first challenge in writing this book will be to persuade you that there is anything here worth considering at all. With so many urgent [...]

The foundational doctrine of Orthodox Christianity, the Holy Trinity affirms God's triune nature as Father, Son, and Holy Spirit existing eternally in perfect unity and communion. This concept emphasizes the mystery of God's being, transcending human comprehension yet revealed through Scripture and Tradition. Orthodox theology holds that the ...

Formlessness, Form, Energy. Another image of the Trinity is Formlessness, Form, and Energy. The Father is Formlessness, the source of all things. The Son, Jesus, is Form, who became human and showed us God's love. The Holy Spirit is the Energy, the living force that moves and inspires us. This shows us that God is the force behind all creation.

Trinity Energy Storage is a Spanish energy company that promotes, operates, and maintains underground energy storage facilities.
