RCA goes forward, did not use the "trigger wire" attached to the RCA since the 4D Tech harness does not need it. I split the power and ground wires and extended them for easier and neater routing to the wiper motor. Power wire to the + for wiper motor, ground to a ground bolt in the wiper area. Enable in FoCCCus or FORScan

The camera on our 2011 Edge SEL had been frequently flipping upside down or going black and displaying "Contact Dealership," which according to TSB11-06-04 warrants a replacement of the backup camera.
