There is no such thing as infinite energy, there is renewable energy, and to achieve that it doesn't take much. I wish people stopped calling renewable energy "infinite", it just creates confusion, sure your system may be able to produce "infinite" energy but it's still like what, 10 eu/t? that's crap. real infinite energy would require infinite solar panels for example.. you would be ...

Redstone Flux (RF) is a form of energy that was originally implemented by Thermal Expansion 3, replacing the previously used Minecraft Joules and thereby removing the dependency on BuildCraft. RF acts as a highly simplified form of electricity that is designed to be easy to use and low on server impact. Introduced in CoFH Core and later made available as a separate mod, ...
