

Generac power cell system

If you're looking for a fully-integrated solar + battery storage system, the Generac PWRcell is the right solution for you. The modular Generac PWRcell system provides up to 36 kWh of storage capacity and includes: 1 Inverter. 1+ Battery cabinet. 3+ Lithium ion battery modules.

Easily monitor energy consumption and solar production, battery use and savings over time right from your phone. Plus, when you toggle on Outage Guard*, your system will automatically shift energy to fill your PWRcell batteries to ensure you'll have maximum backup power when storms and outages are likely in your area.

Every PWRcell system is comprised of components that work together to generate and store power. This includes the solar panels, PWRcell inverter, REbus communication system, and automatic transfer switch. Components will vary depending on the system configuration.

We are committed to providing you with customer and technical support to ensure peace of mind and dependable service for your Generac product. Find help here or contact us - we're available 24 hours a day, 365 days a year. Call Us! 888-GENERAC (888-436-3722)

Level-Up your solar power with storage. Including a battery storage solution with solar panels will allow you to offset your carbon footprint and utility bills, self-supply your backup power, and more. See how storage expands the benefits of solar.

With PWRcell, you're investing in a home energy storage system that is easy to use in a variety of ways. Build the system you need to store enough solar power to back up the circuits you need when utility power fails. Or, switch to stored solar energy when utility rates are high.

The PWRcell™ Battery Cabinet is a Type 3R smart battery enclosure that allows for a range of storage configurations to suit any need. DC-couple to Generac PWRzone solar or PWRgenerator. No other smart battery offers the power and flexibility of PWRcell.

Generac PWRcell is an intelligent energy storage system. Equipped with PWRview energy monitoring technology, PWRcell protects you during times of power outage and allows you to control your energy usage to save on utility costs.

Solar + storage is simple with the Generac PWRcell™ Inverter. This bi-directional, REbus™-powered inverter offers a simple, efficient design for integrating smart batteries with solar and Generac generators.
