

Hunan shanshan energy co ltd

Shanshan participates in establishing the China National Standards with more than 300 registered technology patents. About BASF Shanshan Battery Materials Co., Ltd. BASF Shanshan Battery Materials Co., Ltd. is the joint venture formed by BASF and Shanshan in 2021 (BASF 51% and Shanshan 49%).

Hunan Shanshan Advanced Material Co.,Ltd. manufactures and distributes advanced materials. The Company produces lithium ion battery cathode materials, nickel cobalt manganese ternary cathode materials, lithium manganate cathode materials, and other products. Hunan Shanshan Advanced Material also operates import and export businesses.

It has formed a business value chain including raw materials, PCAM, CAM and battery recycling. Hunan Shanshan Energy operates four production sites for CAM and PCAM in Hunan and Ningxia, China, with an annual capacity of 90 kilotons by 2022. "I am pleased that BASF is joining forces with Shanshan, a cathode materials leader in China.

As one of the leaders in the Chinese CAM market, Hunan Shanshan Energy has supported the lithium-ion battery industry for more than 18 years. Through its extensive experience, it has a comprehensive product portfolio that covers the main categories of the CAM and the corresponding PCAM used in lithium-ion batteries.

BASF SE signed an equity purchase agreement to acquire 51% stake in Hunan Shanshan Energy Technology Co., Ltd. from Ningbo Shanshan New Energy Technology Development Co., Ltd., Ningbo Yongxiang Investment Co., Ltd., Geely Maijie Investment Co., Ltd., Changsha Huashan Investment Management Co., Ltd., Guangzhou Zhourongyan Equity ...

Shanjin Optoelectronics (Suzhou) Co., Ltd. and its subsidiaries Yongquan Investment means Ningbo Yongquan Investment Co., Ltd. Yongshan (Ningbo) means Yongshan (Ningbo) Lithium Co., Ltd. BASF Shanshan, Shanshan Energy means "Hunan Shanshan Energy Technology Co., Ltd.", the Company's former cathode material subsidiary, is now renamed ...

(Yicai Global) Feb. 5 -- Hunan Shanshan Energy Technology Co. started building its new lithium-ion battery materials base yesterday as it plans to ramp up annual output by 100,000 tons. The plant is based in Lu Valley, or Changsha National Hi-Tech Industrial Development Zone. It will enter its first operational phase in November this year ...

HUNAN SHANSHAN ENERGY TECH CO LTD has a total of 33 patent applications. It increased the IP activity by 11.0%. Its first patent ever was published in 2016. It filed its patents most often in China, EPO (European Patent Office) and Republic of Korea.

The global of leading benchmarking enterprise specializing in lithium battery cathode materials | BASF

Hunan shanshan energy co ltd

Shanshan Battery Materials Co., Ltd (changed by Hunan Shanshan Energy Technology Co., Ltd., hereinafter referred to as "the company"), is 51% owned by BASF Group, and 49% owned by Ningbo Shanshan through Yongxiang Investment.

Shanshan Co., Ltd. is a global scale and technology leading supplier of lithium ion positive, negative and electrolyte materials. The successful merger and acquisition of LG chemical polarizer business in 2021 will become the global polarizer leader enterprise. ... About Cunninghamia lanceolata Energy. Hunan Cunninghamia lanceolata Energy is ...

Investor question: May I ask BASF's acquisition of Hunan Shanshan Energy Technology Co., Ltd... - This joint venture will help Shanshan Energy to accelerate the development of new energy in the... Hunan Shanshan Advanced Material Co.,Ltd.

Shanshan is engaged in the R& D, production and sales of lithium battery materials, including cathode materials, anode materials and electrolytes. ... LGC, CATL, BYD, Gotion, SDI, Farasis Energy, Lishen and etc., as they apply Shanshan's products across all kinds of lithium batteries and battery energy storage system (BESS) in consumer ...

BASF Shanshan Battery Materials Co., Ltd. is the joint venture formed by BASF and Shanshan in 2021 (BASF 51% and Shanshan 49%). The company had been established by Shanshan in 2003 and it has already been a leading supplier of cathode active materials (CAM) in China, with the industry leading products like Lithium Cobalt Oxide (LCO) and Ternary ...

CTS (Beijing) International Information Consultant Co., Ltd. is in charge of Kompass service in China. CTS will help you develop business in China and find & contact suppliers & buyers. WhatsApp: +852 5700 3293, WeChat ID: howtokompass, WeChat Official Accounts: Kompass_cn, Tel: +86 10 84 67 19 06.

The Chinese company operates four production sites for CAM and PCAM in Hunan and Ningxia, China, and expects to have annual capacity to produce 90,000 t/y of the materials by 2022. BASF is already well established as a high-energy-density CAM ...

Hunan Shanshan Energy was certified by the National Enterprise Technology Center in 2016 (the 23rd batch). "Green Manufacturing Technology of High-Performance High Nickel Multi Cathode Materials for Li-ion Batteries" was selected in the public list of Green Manufacturing System Integration Projects in 2016.

Ningbo Shanshan Co., Ltd. Interim Report 2022 . Interim Report 2022 2 / 210 Important Notes I. The Board of Directors, the Board of Supervisors, and directors, supervisors and senior ... Hunan Shanshan Energy Technology Co., Ltd.) and its subsidiaries BASF Shanshan Ningxia Means BASF Shanshan Battery Materials (Ningxia) Co., Ltd

Assignee: HUNAN SHANSHAN ENERGY TECHNOLOGY CO., LTD. Inventors: Hong Dong, Xuyao Hu,

Hunan shanshan energy co ltd

Xiangkang Jiang, Xinxin Tan, Xu Li Ask a Lawyer. Question: Add details. 120. Additional Details: 1000 Ask Question Webinars For All . Justia Webinars are open to all, lawyers and non-lawyers. ...

Ludwigshafen/Germany and Shanghai/China, August 31, 2021 - Following the approval of all relevant authorities, BASF and Shanshan have formed the joint venture "BASF Shanshan Battery Materials Co., Ltd.". The new entity will be majority owned by BASF (BASF 51% and Shanshan 49%).

BASF is forming a 51:49 joint venture with Hunan Shanshan Energy to make cathode active materials (CAM) and precursors (PCAM) in China, the world's largest battery materials market. ...

Hunan Shanshan Energy Co., Ltd is the leading supplier of cathode active materials (CAM) in China, with the industry leading products like Lithium Cobalt Oxide (LCO) and Ternary Cathode Materials. It has four production sites in Hunan Province and Ningxia Province, China, with total capacity of 90,000 tons by 2022.

Desmond Long has been appointed as Chief Executive Officer to lead BASF Shanshan Battery Materials Co., Ltd effective April 1, 2024. In his new role, Desmond will lead the business management of the company. ... It has four sites in Hunan and Ningxia, China, with more than 1,400 employees. BASF Shanshan Battery Materials has a strong position ...

BASF Shanshan Battery Materials Co., Ltd | 992 ?The global of leading benchmarking enterprise specializing in lithium battery cathode materials | BASF Shanshan Battery Materials Co., Ltd (changed by Hunan Shanshan Energy Technology Co., Ltd., hereinafter referred to as "the company"), is 51% owned by BASF Group, and 49% owned by Ningbo ...

(Yicai Global) May 21 -- BASF plans to purchase a 51 percent stake in Hunan Shanshan Energy, a leading Chinese supplier of cathode active materials used in electric car batteries, for CNY1.7 billion (USD264.5 million), the German chemicals major said. ... The company has committed to increasing its global production of the material to 160,000 ...

BASF Shanshan Battery Materials Co., Ltd. (BASF Shanshan) is the joint venture formed by BASF and Shanshan in 2021 (BASF 51% and Shanshan 49%). ... (EV) market, and continuously providing first-class products for the global consumer electronic and energy storage segments. ... BASF Shanshan has established a leading R& D center in Changsha, Hunan ...

BASF, the largest multinational chemical company in the world, announced two major partnerships. The first is a joint venture with Hunan Shanshan Energy (Shanshan) to serve the largest battery materials market in China. The second is a cooperation with RWE on new technologies for climate protection, mainly in the wind energy industry. Growth In The [...]

Shanshan Battery Materials Co., Ltd., the Chairman of Ningbo Shanshan New Material Technology Co., Ltd., the Chairman of Hunan Shanshan Energy Technology Co., Ltd., the Deputy General Manager of Ningbo

Hunan shanshan energy co ltd

Shanshan Co., Ltd., and the Chairman and General Manager of Ningbo Shanshan Co., Ltd, and is now a director

BASF Shanshan Battery Materials Co., Ltd. (BSBM), a BASF majority-owned company in China (BASF 51%; Shanshan 49%), is expanding its battery materials capacity in Changsha, Hunan Province, and Shuizuishan, Ningxia Province, to meet the fast-growing local and global demands of the electric vehicle (EV) industry. The expansion project will enable ...
