

Husky portable power system

Customers say the Husky 4.5 Gallon Portable Electric-Powered Silent Air Compressor is impressively quiet, allowing for normal conversations while in use. Many appreciate its portability, ease of use, and quick pressure recovery, making it suitable for various tasks like inflating tires and operating nail guns.

They are like another truck in the system providing a supply and reserve of water to a pumper. HUSKY ® Portable Containment supplies quality adaptable products to meet that need. The quick dump option is a great feature granting the most effective way to empty a drop tank making them easier to use." Firovac Power System

The Husky 300A Jump Starter with Inflator is great for emergency jumping or inflating tires or equipment up to 150 PSI. Portability helps jump start hard to reach vehicles. The jumpstarter also features a built-in LED light for reading or road side emergencies. Battery power and charging indicator allows you to easily check the status of your jump starter.
