

Is vision solar a good company

IT DOESN'T FEEL GOOD JUST FYI. Date of experience: July 31, 2023. Larry Burke ... George put the facts on the table and I couldn't help but take advantage of the savings I'd be seeing with Solar. Vision is the company I'd LOVE to work with and George is a great help getting us started. Can't wait to start seeing the savings!! Date of ...

Vision Solar has a few things going for it, including a large service area and the installation of high-quality equipment at industry-leading prices. However, we can't, in good conscience, recommend Vision Solar due to its customer service and transparency issues.

Compare the Best Solar Companies. Based on our methodology, we chose Freedom Solar and Blue Raven as our top two providers due to their solar panel selections, additional service options, and positive online reputations across review sites such as the Better Business Bureau (BBB) and Google Reviews. These companies also offer some of the most ...

Attorney General William Tong today announced that Vision Solar LLC filed for Chapter 7 bankruptcy protection on December 28, 2023. Attorney General Tong sued Vision Solar LLC in March 2023, after an investigation in coordination with the Department of Consumer Protection exposed Vision's use of high-pressure sales tactics, misrepresentations, delays, and ...

Vision Solar is a residential solar installation company that sells solar panels and installation services directly to consumers, mostly through in-person sales presentations at consumers' homes.

Is Vision Solar a good company to work for? Vision Solar has an overall rating of 3.9 out of 5, based on over 346 reviews left anonymously by employees. 75% of employees would recommend working at Vision Solar to a friend and 74% have a positive outlook for the business. This rating has decreased by -8% over the last 12 months.

Instead of Vision Solar, we would recommend companies like SunPower, ADT Solar, or Blue Raven Solar as national providers, or Momentum Solar with its concierge service as a regional alternative. These installers provide superior customer service to most of the areas Vision Solar serves.

Solar panel fraud doesn't stop with the companies directly involved; lenders also find themselves liable. Sunlight Financial, Vision Solar's lender, recently declared bankruptcy, leaving consumers in a precarious situation. Lenders may face legal consequences for their role in financing alleged fraudulent solar ventures, adding financial losses to the growing list of ...

Vision Solar is a young, up-and-coming solar company servicing five states throughout the United States. Despite its newness on the scene, the company has expanded from a single location to offices in five states. Although the company clearly has a client base (because of its expansion), dozens of negative reviews cloud the company's platforms.

Stay away from technical terms and jargon, and use the present tense. Rather than trying to write something catchy, aim for clarity. A great vision statement works best when it's simple, memorable, and inspirational. Revisit your vision often as your company evolves. A vision statement sets an organization's sights on the future.

The solar company allegedly misled consumers about the solar panel system installation process and relevant incentives or credits. Vision Solar also allegedly failed to successfully complete the permit requirements in setting up consumers' solar grids, resulting in unexpected fines or liens for the customers. ...

The solar energy your system collects has to either be used by your house or stored in a battery for use later. These systems have to be sized properly so that there is a good balance of solar power to battery capacity. Too much solar and you will be wasting solar capacity when your batteries are full and your house doesn't have a load.
