2 days ago; With sunny conditions will recharge the Jackery with our Solar Soga 100 solar panel and run the refrigerator the next day. If the sun is not shining we simply recharge the battery with the 12 volt outlet driving our Jeep. This has worked awesome. Now with the two additional Jackery Explorer 300 and the 500 this gives us much more reserve power.

The Jackery Explorer 500 is a portable power station that can store and deliver electricity as per your need. While we label them as "solar generators" sometimes, they can't actually generate electricity. This mini power station is great for -- camping, exploring, and living off-the-grid, or during power outages at home caused by natural disasters and extreme ...
