

Minimal solar system tattoo

Minimal Tattoo of Sun and Solar System on Shoulder and Collarbone. I personally really enjoy looking at tattoos positioned along the collarbone, and this one is no exception. What sets this design apart is the giant sun, placed at the top of the client's shoulder. It's a vision of poetry in motion with the sun beautifully reflecting the ...

Im looking for a simplistic/minimalistic design of the planets to go down my spine, everything i've found on the internet is either too big and elaborate for me, or too small lol.

In the world of tattoos, sometimes the simplest designs pack the biggest punch. Minimalist solar system tattoos are all about sleek lines, basic shapes, and an uncluttered look. Picture a single, delicate line tracing the orbits of planets across your wrist or a tiny solar system that fits snugly behind your ear.

This forearm solar system tattoo looks magnificent due to its fine detailing. The tattoo shows the eight planets present in the solar system. The precision with which every planet has been made makes the tattoo look very realistic. The whole tattoo has been made using black color, but you can always add colours to the elements.
