A compact solar kit for off-grid camping, road-trips, and van life adventures. Clean solar energy in a lightweight, portable package. > See more product details

In fact, what I received to review were two Newair products, the portable electric cooler and the Newair Solar Generator Kit that comes with a 100W solar panel and a 173W removable and rechargeable Lithium battery. It's that combo that moves the Newair Electric Cooler away from the plug and out anywhere you need the cooler to be (within reason).
