I got my Power chef through Tupperware, and I wonder now how I lived without it! I use it for so many different applications - soups, stews, baby food, grind/chop nuts, salads, whipped cream, ... so much more! I even make HEALTHY ice cream in it - only 2 ingredients needed - Frozen fruit & milk or cream - mix for 30 seconds - DONE.

But if you want the best of all worlds, you get the Power Chef Premium System (just \$6 more) and then you get the Power Chef and Chop "n Prep together, which is an awesome bonus. You can even mix a cake with it! I love it. I've mixed a cake, chopped up fruit and whipped cream for the topping all with the same Power Chef.
