

# Solar panel phone case

Solar phone chargers use the same technology as regular solar panels but on a much smaller scale. The sun hits a small solar panel, which either charges a battery bank or directly plugs into and powers your phone, much like solar panels on your roof can power your home directly or charge a battery system.

Ultimate Solar Panel Carry Case. There is another solar panel carry case that I have used and like a lot, but it is not designed for solar panels. It is the 50-inch LCD TV Gator Case. This thing is a beast when it comes to protecting solar panels. It is designed for carrying LCD and LED TVs to events like Expos and Shows.
