

Volvo xc90 power system service urgent

Got the red "power system service urgent" message yesterday while out shopping...stopped and restarted the car, and it went away for a few miles, then came back. ...

It is a heads up that something in the Power System is below specs and you maybe heading for trouble that could leave you stranded. 1. Cleaning the battery terminals. 2. Cleaning the wiring to the alternator 3. Check the tension of the serpentine belt. 4. Check the battery voltage after the car has sat all night long and before starting the engine.

When the light came on it reduced power for me. I read in another volvo forum that it was something to do with the fuel injectors getting clogged and cost some \$700 to fix. I'll adopt the "if it's wrong then the system will tell me" attitude! 09-05-2009, ... (Engine System Service Urgent) and the car start shaking like water in the gas and ...

Twice I received the message "Power System Service Urgent"; battery light comes on also, along with a high pitched squeal for a minute or two. ... Volvo XC90 2016+ S40 & V50 Forum 2004.5+ Volvo S40 & V40 2000-2004; C30, C70 2006+, S40 & V50 2004 ½ + XC40, XC40 Recharge, and C40;

A corroded battery terminal can trigger the warning message in your Volvo. Corrosion causes a poor electrical connection with the battery. It also causes low battery volt supply to the engine system, leading the ECU to think the battery is bad, triggering the error. We recommend cleaning the terminals with a brush. 4. Electrical issue/ blown fuse:

So I just bought my 2007 XC90 3.2 a week and a half ago. No issues until today, completely out of the blue the message popped up "Power System Service Requested"; and the battery light ...
