

Yobolife solar digital kit

The YOBOLIFE Solar Digital Kit is a docking station for charging various gadgets and providing emergency lighting. The system operates on lithium-ion batteries, which can be charged either from the solar panel or from a 220 V network. The kit includes a USB cable with different adapters for charging all popular devices.

Solar lighting Kit is a portable solar lighting energy device. The device when fully charged can be used to power two bulbs and also charge your phone. It is made up of the device, three bulbs, solar panel and usb cables for charging different phone types. The device is portable and can be carried when travelling long journeys. It may take longer time to charge when the sunlight is ...

Yobolife solar digital kit

Solar Powered TV with Battery Panel ...

The role of a battery is to store the electricity generated by the solar panels when light is available and release it when needed. The traditional lead acid battery with short cycle life, so the new released Lifepo4 battery is warmly welcomed due to its long cycle life and intelligent function (BMS) can be compatible with many different brands of solar inverters. We have many different ...
